

Dragon Messmer

510-384-8239 skullyflower@mac.com 2350 Valley Street #214, Oakland, CA 94612

Software engineer specializing in ReactJS, who enjoys writing original code, creating solutions to those problems that haven't been solved yet. I've been working remotely for over a decade. I specialize in front-end but am full stack capable. <https://www.skullyflower.com/hireme>

Skills

Markup:	HTML/CSS , less and SASS, Responsive layouts
Front-end:	React, Jest, nodeJS, JSX, JavaScript, TypeScript, webpack, jQuery, GraphQL
Back-end:	asp.net / c#, php, sql
Source Control:	Git, Subversion, Perforce
Apps/Services:	Visual Studio Code, Vim, bash/linux, Docker, Azure, GitHub, Zeplin
Strengths:	Problem solving & debugging. Able to communicate with the non-technical. Customer focused, helpful, funny, and creative self starter and team player.

Experience

SENIOR SOFTWARE ENGINEER, HOMEPOINT, ANN ARBOR, MI (REMOTE) – 2021-PRESENT

SOFTWARE ENGINEER, HOMEPOINT, ANN ARBOR, MI (REMOTE) – 2018-2021

Guided technical design and code standards for new refactored The Point front end, mortgage loan, React app with Apollo / GraphQL • 80%+ Test Coverage • Updated authentication The Point to MSAL SSO • Started module federation of new code components into the old app (and fallbacks) • OWASP driven security updates • Created Bi-directional scroll synchronization between components/sections • Created many small, internal business apps • Created proof of concept React app for the Home Ownership Platform, loan servicing app • Customized and added messaging (via jQuery) to legacy servicing site we couldn't easily modify • Lead for front end of The Point App • Implemented full site redesign in a sprint • Systematically refactored old unreadable code to more clean and modern functional components, utilizing react hooks. • <https://portal.hpfcptpo.com>

WEB DEVELOPER, UNITEU, ROCHESTER, NY (REMOTE) – 2012-2018
